Dear Students and Friends,

We would like to express our heartfelt gratitude for the overwhelming support we have received. It has been truly touching to hear how Sensei Kurobane has positively impacted your lives. Your kind words mean the world to us. Thank you.

We have been asked to communicate to you that we are expecting a large showing of guests for Sensei's service, and we kindly request that you consider arriving early to ensure that we can accommodate everyone in a timely manner. Please understand that there may be a situation where standing room is the only option as we gather everyone. We apologize in advance for any inconvenience this may cause.

Additionally, parking may be limited, so we highly recommend carpooling or using ride-sharing services. We have also discovered a helpful parking app called "SpotHero" that you may find beneficial.

We understand how much you admired and respected Sensei Kurobane, and if you prefer to attend virtually, please know that the family sincerely appreciates your presence and support, regardless of the format.

We will promptly share the Zoom link on our website as soon as it becomes available to us.

Thank you once again for your understanding and continued support,

Denwakan Martial Arts Center
